Registration procedure

Those who provide services in electronic environments for remuneration to real persons who have no VAT liability, without having a residence, business place, legal center, and business center in Turkey declare the VAT related to these services by registering for “Special VAT Registration for Electronic Service Providers”.

VAT returns filing date

The taxpayers who are in the scope of Special VAT Registration for Electronic Service Providers declare the VAT related to services they provide to non-VAT taxpayers in Turkey in an electronic environment until the night of the 24th day of the month following the taxation term as per the monthly taxation terms of the calendar year. This declaration shall be filed with VAT Declaration No. 3 through the Internet tax office in Turkish Liras.

In cases where the remuneration is calculated in foreign currency, the foreign currency must be converted into Turkish currency over the foreign currency buying rate of The Central Bank of The Republic of Turkey published in the Official Gazette on the date of the taxable event. For the foreign currencies which are not published in Official Gazette by The Central Bank, the current exchange rate is used to exchange into Turkish currency.

VAT payment date

The VAT declared must be paid until the 26th night of the month that the declaration must be filed in.

Payment can be made to tax offices and banks which are authorized to collect taxes or through the Turkish Revenue Administration’s website using debit cards of the banks which are authorized to collect taxes or credit cards.

Penalties

Provisions of Law No. 213 on tax penalties shall be applied to taxpayers who fail to follow the regulations related to declaration obligation for services provided in an electronic environment.

Keeping records

There are no specific requirements for the maintenance of VAT records.
